**Position Announcement**  
**RCOM Chair Professor of Computational Science**

DA-IICT is a leading academic institution in India, with well-established bachelors, masters and doctoral programs in the field of information and communication technologies. Established in 2001 by the Reliance Group, it is widely seen as an institution “with a difference” in terms of its academic programs, faculty profiles and overall ambience. DA-IICT is the first institution in the country to have started a bachelors program in computational science.

DAIICT is seeking candidates for the position of RCOM Chair Professor of Computational Science to augment its existing teaching and research programs.

**Profile of the Chair:** The position of Chair Professor shall be held by an eminent person from academia or industry having a broad perspective of the computational science field. The Chair is a full-time position with the following responsibilities:

- ❖ To provide academic and technical leadership in computational science.
- ❖ To initiate research and development projects in an area of computational science.
- ❖ To undertake curriculum design activities as may be appropriate to computational science.
- ❖ To provide expert guidance and mentoring to faculty and students working in areas of computational science.

**Requirements:** Candidates should fulfill the requirements for appointment at the Professor level. Excellent academic qualifications with a strong publication record are expected. The successful candidate is expected to have a nationally visible profile in at least one area of computational science. The position of Chair Professor will commence in the 2015-16 academic session and will run for three years. The age at the time of appointment of Chair Professor should not exceed 60 years. The incumbent is required to submit half-yearly progress reports to the Institute highlighting the major achievements in research, teaching, and supervision of doctoral students.

**Emoluments:** The Chair Professor will be offered a gross salary of Rs25.00 lakh per annum plus furnished accommodation and vehicle as perks. The Institute will provide scholarships to two doctoral students who will work under the Chair in an area of computational science. In addition, the Chair Professor will be offered a contingency grant of Rs.1.00 lakh per year and a travel grant of Rs.2.00 lakh per year, as per Institute norms.

**To apply:** Interested candidates should send detailed curriculum vitae along with a statement of their accomplishments in the field of computational science, to [chair@daiict.ac.in](mailto:chair@daiict.ac.in). The Institute will consider applications from interested candidates as well as nominations received from distinguished academics and eminent persons.
