

Special Recruitment Drive – Adjunct Faculty

We invite applications from prospective *adjunct faculty* candidates with extensive industrial experience in software design, development, testing, and software architectures in the domains of Enterprise computing, database, software engineering, and other related areas.

Even though PhD in relevant discipline is mandatory, the same can be waived for deserving candidates with stipulated industry experience in key technology areas. Such candidates with 10+ years of technical experience in software industry along with an MTech in Computer Science or in an allied discipline may also apply. Compensation commensurate with qualification and experience will be offered.

Applicants should submit a detailed CV along with a statement of teaching. CV, teaching statement, and name and contact of at least one reference, should be mailed to **recruit_adjunct[at]daiict[dot]ac[dot]in**.
