NAAC Accreditation Grade 'A'

Recipient of Centre of Excellence Award by the Government of Gujarat

1.3.1 Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The curriculum of all programmes emphasize in integrating cross-cutting issues relevant to professional ethics, gender, human values, environment, and sustainability with a view to ensure holistic development of the students. Faculty members adopt a variety of innovative pedagogical approaches to enhance teaching-learning and evaluation, namely, project-based learning, flipped classroom, readings-presentation, etc.

The course Environmental Sciences in the undergraduate programmes make all students aware of the environment and its associated parameters and values to the society. The institute continually integrates a large number of open electives in the areas of ethics, human values, gender, and organizational behavior and human development. Technical Writing, Research Methodology, and Narratology are PG level courses that enhance students' skills for professional ethics and development. Gender sensitization sessions are conducted in every academic session for making students acquainted with campus life.

Furthermore, our student body is composed of a variety of co-curricular and extra-curricular activities by the student clubs throughout the calendar that provide substantial value addition to the overall growth of the students.
