NAAC Accreditation Grade 'A'

Recipient of Centre of Excellence Award by the Government of Gujarat

3.1.1 The institution's Research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented.

DAIICT is committed towards developing and maintaining the high standards in both research and teaching. Our faculty and students contribute to research in the field of ICT and various allied areas. DAIICT provides a conducive environment that fosters interdisciplinary research in cutting edge areas. Quite a good number of Govt. sponsored projects and consultancy works are undertaken by the faculty. Close to 100 PhD students have graduated so far and are well placed with few of them pursuing/pursued post-doctoral studies. DAIICT has been awarded the best university in innovation by GOG. Number of research groups, research labs, faculty with high research credentials, subscription to conference articles/journals from reputed publishers have contributed to our quality research. The Institute has a research promotion committee (RPC) headed by senior faculty. The faculty at DAIICT contributes to sponsored research as well as carryout consultancy works in different areas. Our research contribution has grown over the last few years. In this respect, DAIICT has a good number of research labs, including the DAIICT Center for Entrepreneurship and Innovation (DCEI), thus encouraging the establishment of startups. Research activities are greatly encouraged by providing seed funding, Cumulative Professional Development Allowance (CPDA) and financial assistance to students for attending national/international conferences. Joint thesis guidance and publication collaboration with leading institutes such as IIT Jammu has encouraged us to conduct better quality research.

DAIICT thrives to get the best minds of our country and abroad to build world class engineers and researchers. The contributions to both the research and teaching are due to the dedication of our faculty towards academic activities by bringing their experience in carrying out high quality work.
