Speak the truth. Adhere to your duties. Do not shy away
from self-study

While giving the Teacher, what he desires you to offer, do
not spoil social relations.

One should not shy away from Truth, nor from
Duties, nor from Acts of Welfare, nor from Prosperity.

One should also not neglect self study, right advice
And works of deities and ancestors,
Let the Mother, the Father and the Teacher be your
deities.

This is the Command, this is the instruction for you.

17th Convocation

Report of the Director

Honourable President DA-IICT, Chief Guest, Prof. Subhasis Choudhuri, Director, IIT Bombay, Dr. D.N. Reddy, Chancellor of Malla Reddy University, Hyderabad, Prof. Bimal Roy, Former Director and Head, Cryptology Research Group, Indian Statistical Institute, Kolkata, Dr. Aloknath DeMissionpreneur : Frontier R&D for Business Edge, CEO, Cyber-Physical Systems Co., Former CVP&CTO, Samsung; and Shri Shrikant Kulkarni, Vice President, Reliance Group, Members of the Board of Governors, faculty, staff, alumni, members of the media, distinguished guests, graduating students and their parents,

It gives me immense joy to welcome all of you to the 17th Annual Convocation of the DAIICT. This occasion is particularly significant as it marks the return of the DAIICT community to full and active campus life in the aftermath of the Covid-19 pandemic. I take this opportunity to thank students, faculty, staff and parents for the collective effort they put in to tide over the tumultuous months of the lockdown and the challenges presented by the new modes of online teaching and learning. Your sustained cooperation has allowed us to continue our academic activities in the midst of numerous constraints, contingencies and personal tragedies. I'm certain all of us have emerged stronger in our resolve to cope with any other crisis in future.

Today, we are deeply honoured to have Prof. Subhasis Choudhuri, Director, IIT Bombay as our distinguished Chief Guest for the Convocation. Prof. Choudhuri is a scholar and administrator of rare distinction. He has pioneered research in the areas of pattern recognition, image processing and computer vision. He is the author of several books and research articles and holds a series of significant patents to his credit. Among the many awards and recognitions he has received throughout his illustrious career, is the

Report of the Director

prestigious Shanti Swarup Bhatnagar Award from the CSIR, India. Prof. Choudhuri has taught and inspired generations of students in IIT Bombay and elsewhere and today we have the privilege of having him address our graduates.

A convocation is as much an occasion for celebration as it is a moment for reflection. As graduates of DAICT you are among a privileged group of young Indians who have had access to an excellent standard of higher education. I congratulate all of you for completing your course of study with diligence and sincerity. You are now ready to embark on the next phase of your professional journey and make a positive difference to the many lives you will touch on the way.

DAICT has endeavored to give you a holistic education that opens up many pathways for you to learn, grow and excel in a rapidly changing world.

In this context, let me share with you our long-term vision for the Institute. While we take pride in pioneering ICT education and research in India, we now plan to introduce academic programs that speak to a new generation of communication technologies, services and applications. We are in the process of launching UG/PG programs on AI and ML, Data Science, Digital Informatics, VLSI, NLP and Design by 2023 - 2024.

We have also initiated the process of re-structuring our curriculum in ways that offer a rich, flexible and meaningful educational experience for our undergraduates. The multi-disciplinary thrust of our ICT programme will be consolidated and expanded through the introduction of Minors in the areas of Liberal Studies, Natural Sciences and Design. Our students will be free to curate their programme of study in accordance with their interests and aspirations.

17th Convocation

Report of the Director

With these initiatives in place, we hope to attract a more diverse student community from across the nation and the world and increase our strength to 3000+ by 2028. To achieve this objective, we have planned a whole new phase of expansion of our infrastructure including halls of residence, classrooms, labs and recreational spaces. The future growth of the Institute will also be an inclusive one. We will continue to strengthen our practices and policies of providing equal opportunities and resources for students who come from disadvantaged or marginalized contexts.

But even as we give shape to the future of the institute, I must also take this opportunity to share with you some of our more recent achievements. I am pleased that our institutional, faculty and student achievements for the years 2020-22 continue to be robust and inspiring. I record these here for your perusal.

For your information, the Institute has introduced one BTech Program in Maths & Computing (MnC), one PG program – MSc in Data Science (DS) from the academic year 2020. A new PG program – MSc in Agri Analytics is introduced in the current academic year 2022-23. This is a unique programme in collaboration with Anand Agriculture University, (AAU), Gujarat and Indian Institute of Remote Sensing (IIRS), Dehradun – an academic wing of Dept. of Space. DAIICT is the degree awarding institute whereas IIRS and AAU will transfer the credits to DAIICT.

PLACEMENT ACTIVITIES

Placement activities were brisk and encouraging all these years at DA-IICT:

In 20-21, 147 companies visited the Institute. 391 students were placed. The highest salary offered was

17th Convocation

Report of the Director

DA-IICT was awarded DST-FIST Grant (Level 1) of INR 57 lakh. The number of proposals shortlisted under the FIST 2019 call (Engineering Sciences) is 16 out of the total 218 proposals submitted nationwide

DA-IICT collaborated with SAS (American multinational developer of analytics software with 40+ years of experience) to launch a two-year full-time Master of Science in Data Science (M.Sc. Data Science) from 2020. The programme is designed to address the new paradigm of fact-based decision making associated with the advent of Big Data.

FACULTY ACHIEVEMENTS

Prof Hemant A. Patil was elected as ISCA (International Speech Communication Association) Distinguished Lecturer for the year 2020-21. Prof Patil was also APSIPA Distinguished Lecturer during 2018-2019. This recognition is towards his joint research work in the field of Speech and Speaker Recognition, Anti-Spoofing Methods for Automatic Speaker Recognition, etc. primarily with the members of the Speech Research Lab at DA-IICT. Prof. Patil is the first Indian scientist working in an Indian university getting this international recognition of ISCA DL. He was appointed Associate Editor of IEEE Signal Processing Magazine- Columns and Forum. He is part of a small group of Associate Editors who are from reputed Universities and Research Institutions around the world.

Prof Bhaskar Chaudhury (DA-IICT, India) along with Prof. Matthias Ehrhardt (University of Wuppertal, Germany) and Prof Vrushali Bokil (Oregon State University, USA) edited a special issue titled "Finite Difference Methods: Recent Developments and Applications in Computational Science" in Elsevier Journal of Computational Science (2020). He is also the Project Investigator for two research projects of two-year duration by the Gujarat Council of Science
