PhD Programme and Process of Evaluation.

Depending on student's educational background and fulfilling the eligibility criteria of the program,a student can pursue PhD study in

- Engineering in ICT disciplines, Science and Mathematics
- Humanities, Social Science and Design

Categories of Registration

Students are selected for admission in PhD program in three categories: Regular (Full-time) registration, Sponsored (Part-time) registration, and External (Part-time) registration.

Regular Category

Candidates who satisfy the minimum eligibility criteria for admission in the PhD program can apply as regular candidate. Candidate if selected for admission in the PhD program is expected to be residential, a minimum of 3 years from the time of first semester registration, during his/her course work and research work carried out at the Institute.

Sponsored (part-time) Category

This category includes sponsored candidates from the organizations with whom DA-IICT has established MoU. Candidates employed in recognized R&D organizations, Research Labs in industry, employed as regular faculty in colleges and universities and desirous of pursuing PhD studies may apply for admission in PhD program.

External (part-time) Category

This category includes external candidates from the organizations with whom DA-IICT does not have MoU. Candidates employed in recognized R&D organizations, Research Labs in industry, employed as regular faculty in colleges and universities and desirous of pursuing PhD studies may apply for admission in PhD program.
